REPORT

OF AN EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

CITY OF NASHUA

FOR THE FISCAL YEAR ENDED

DECEMBER 31, 1964

made by

THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

July 14, 1965

To the Mayor and Board of Aldermen

Nashua, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the City of Nashua for the fiscal year ended December 31, 1964, which was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

The accounts and records of all city officials charged with the custody, receipt and disbursement of city funds were examined and audited. An examination was made of a sufficient number of vouchers, payrolls and cancelled checks to satisfy the requirements of accepted standards of audit procedure. Receipts were checks by source insofar as possible. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

Comparative Balance Sheets (Revenue Accounts) — December 31, 1963 — December 31, 1964: (Exhibit A-1)

Comparative Balance Sheets (Revenue Accounts) for the fiscal years ended December 31, 1963 and December 31, 1964, are presented in Exhibit A-1. As indicated therein the Surplus decreased by $69,977.35, from $264,411.07 to $194,433.72 in 1964.

Analysis of Change in Current Financial Condition: (Exhibit B-1)

An analysis of the change in the current financial condition of the City during the year is made in Exhibit B-1, with the factors which caused the change indicated therein. These were as follows:

Decrease in Surplus

Surplus Used to Reduce Tax Rate	$175,000.00	
Additional Appropriations from Surplus	17,760.00	
1959 Taxes Written Off	12,381.81	
Land—West Hollis and Main Streets	11,500.00	
1962 Poll & Property Tax Abatements Refunded	9,345.25	
Neighborhood Analysis Study	7,000.00	
Abatements in Excess of Overlay Reserve — Levy of 1964	4,806.19	
Overpayments Refunded (Net)	459.92	
Unredeemed Taxes Charged Off	249.80	
Abatement Tax Title—1959	12.20	
Bank Charges and Cash Adjustments	7.55	
Excess Debit—Tax Collector	2.00	
		$238,524.72

Increase in Surplus

Net Budget Surplus	$165,610.08	
Prior Years' Head Tax Collections	2,928.00	
Prior Years' Unredeemed Taxes Collected	9.29	
		168,547.37
Net Decrease		$ 69,977.35

Increase in Bonded Indebtedness:

The bonded indebtedness of the City (including School debt) increased by $143,000.00, from $7,674,000.00 to $7,817,000.00 in 1964, as shown herewith:

	Bonded Debt December 31, 1963	Bonds Issued in 1964	Bonds Retired in 1964	Bonded Debt December 31, 1964
Sewer, Health & Sanitation Loans	$2,195,000.00	$ —0—	$ 160,000.00	$2,035,000.00
Widening Main & Water Streets	80,000.00	—0—	20,000.00	60,000.00
Public Improvement Loans	255,000.00	—0—	15,000.00	240,000.00
Parking Lot Loans	750,000.00	—0—	45,000.00	705,000.00
School Loans	4,394,000.00	673,000.00	290,000.00	4,777,000.00
	$7,674,000.00	$ 673,000.00	$ 530,000.00	$7,817,000.00

Statement of Bonded Indebtedness: (Exhibit W)

A statement of outstanding bonded indebtedness as of December 31, 1964, showing annual debt service requirements, is contained in Exhibit W.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits D & E)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1964, are presented in Exhibits D and E. As indicated therein, a revenue surplus of $45,701.73, plus a net unexpected balance of appropriations of $119,908.35, resulted in a net budget surplus of $165,610.08.

Tax Collections:

Tax collections (exclusive of State Head Taxes) of the current year's levy, as compared to taxes assessed, for the years 1963 and 1964, were as follows:

	Levy of 1963	Percent	Levy of 1964	Percent
Taxes Assessed—Current Year's Levy	$5,471,388.44		$6,058,039.80	
Taxes Collected—Current Year's Levy	$4,962,457.76	90.7%	$5,472,335.62	90.3%
Taxes Abated—Current Year's Levy	20,395.52	.4%	40,274.18	.7%
Uncollected Taxes—Current Year's Levy	488,535.16	8.9%	545,430.00	9.0%
	$5,471,388.44	100.0%	$6,058,039.80	100.0%

GENERAL COMMENTS

Unredeemed Taxes:

Attention is again called to the substantial amounts of unredeemed taxes from the tax sales for the levies of 1961 and prior years. These are as follows:

Levy of 1961	$ 8,112.03
Levy of 1960	2,677.33
Levy of 1959	1,005.29
Levy of 1958	953.97
Levy of 1957	1,803.18
Levy of 1956	3,058.73
Levy of 1955	444.28
Levy of 1954	1,180.01
Levy of 1953 & Prior Years	6,837.47
Total	$26,072.29

The law provides that the taxpayer or any interested person may redeem property sold at a tax sale any time before a deed is given by the collector. (R.S.A. 80:32)

It further provides that the Collector shall execute to the purchaser a deed for the property after two years from the date of sale, provided that no redemption is made within that time. (R.S.A. 80:38)

Inasmuch as the two year period provided by law for redemptions from tax sales has expired on all unredeemed taxes from the sales on account of the levies of 1961 and prior years, the Tax Collector should give deeds to the City for the properties represented by the unredeemed tax liens as indicated herein.

The assessed valuation of the properties represented by the unredeemed tax liens of 1961 alone amounts to approximately $130,000.00.

Acquiring these properties through Tax Collector's deeds should serve a two-fold purpose:

(1) Additional revenue will be received when they are subsequently sold to private owners.

(2) Their return to the tax rolls will result in the collection of additional taxes.

Loan from Non-Revenue Cash:

It is noted that as of December 31, 1964 the General Fund was indebted to the Non-Revenue Cash Fund in the amount of $248,000.00, on account of loans made therefrom. This is shown as a Liability Account in the General Fund Balance Sheet (Exhibit A-1) as of December 31, 1964.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the City.

We extend our thanks to the officials of the City of Nashua and their office staffs for the assistance rendered during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the City of Nashua for the fiscal year ended December 31, 1964. In our opinion, the Exhibits included herewith reflect the true financial condition of the City on December 31, 1964, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

PASSED BY THE
BOARD OF ALDERMEN
1964

RESOLUTION

AUTHORIZING THE MAYOR, TREASURER AND
FINANCE COMMITTEE TO BORROW MONEY IN
ANTICIPATION OF TAXES
($3,500,000.00)
CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

That pursuant to Section 9, Chapter 33, of the Revised Laws annotated of New Hampshire, 1955, the Mayor, Treasurer and Finance Committee are authorized to incur debts from time to time during the Municipal fiscal year bebinning January 1, 1964 to an aggregate amount not exceeding Three Million Five Hundred Thousand Dollars for Temporary Loans in anticipation of and payable from the taxes of the said year and to issue therefor notes of the City signed by the Mayor and countersigned by the Treasurer and certified by THE FIRST NATIONAL BANK OF BOSTON and to renew the same by the issue of other like notes, but all notes issued hereunder shall be payable within one year after the date when the debt represented thereby was originally incurred.

RESOLUTION

AUTHORIZING FILING OF APPLICATION WITH THE UNITED STATES OF AMERICA FOR AN ADVANCE TO PROVIDE FOR THE PLANNING OF PUBLIC WORKS UNDER THE TERMS OF PUBLIC LAW 506, 83rd CONGRESS OF THE UNITED STATES, AS AMENDED

CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the City of Nashua acting by and through its Mayor (herein called the "APPLICANT") after thorough consideration of the

various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as Drainage facilities and separation of the combined sewer system within the central part of the City, is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, 83rd Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, the applicant has examined and duly considered such act and the applicant considers it to be in the public interest and to its benefit to file an application under said Act and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY The Board of Aldermen the governing body of said applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the applicant, and to the end that such public works may be provided as promptly as practicable, it is desirable that action preliminary to the construction thereof be undertaken immediately;

2. That MAYOR MARIO J. VAGGE be hereby authorized to file in behalf of the applicant an application (in form required by the United States and in conformity with said Act) for an advance to be made by the United States to the applicant to aid in defraying the cost of plan preparation for the above-described public works, which shall consist generally of —

A preliminary report on drainage facilities and separation of the combined sewer system within the central part of the City.

3. That if such advance be made, the applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of the plan preparation of such public works;

4. The said MAYOR MARIO J. VAGGE is hereby authorized to furnish such information and take such action as may be necessary to enable the applicant to qualify for the advance;

5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the applicant for the purpose of furnishing to the United States such information, data and documents pertaining to the application for an advance as may be required; and otherwise to act as the authorized representative of the applicant in connection with this application.

6. The certified copies of this Resolution be included as part of the application for an advance to be submitted to the United States.

RESOLUTION

AUTHORIZING HIS HONOR, MAYOR MARIO J. VAGGE TO CONVEY AN EASEMENT TO RIVERSIDE REALTY CORP.

CITY OF NASHUA

(Endorsed by Alderman Thomas J. Leonard, Jr.)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

That His Honor, Mayor Mario J. Vagge, be and is hereby authorized and empowered to convey for and in consideration of FIVE ($5.00) DOLLARS to Riverside Realty Corp., a New Hampshire Corporation with its principal place of business in Nashua, the following described easement:

SPECTACLE BROOK INTERCEPTOR:

Beginning at a point on the property line of the City of Nashua and the land now or formerly of Hayward Dairies, Inc., said point being Eleven (11) feet west of the westerly line of the F. E. Everett Turnpike; thence

North 22° East Six Hundred Twenty-Eight (628) feet; thence

North 6° 55′ East Three Hundred (300) feet; thence

North 1° 20′ East One Hundred Thirty-Six feet to a point on the Southerly line of Broad Street, said point being twenty-nine (29) feet west of a stone bound on the southerly side of Broad Street.

Being an easement set out in Plan of Land for Pumping Station and Sewer Easements, dated August 28, 1962, Camp Dresser & McKee, Consulting Engineers.

Being a portion of the premises in Lay-Out Resolution passed October 8, 1963, bv the Nashua Board of Aldermen, identified in said Resolution as Spectacle Brook Interceptor.

Because of a change in the description of the Interceptor and for purposes of title clearance, this Resolution is being presented.

TO THE HONORABLE BOARD OF ALDERMEN:

Gentlemen:

Under the provisions of Chapter IV, Section 7 of the Revised Ordinances of the City of Nashua (1950), I submit, herewith, my recommendations for the necessary amount of money which should be appropriated for the several departments and other needs of the City of Nashua for the year 1964, and, for the purposes of Section 3, Part 1 of Chapter VII of the Revised Ordinances of the City of Nashua, each item of this budget shall be considered as a separate appropriation.

For convenience, account numbers have been assigned to each item of the budget. When a department makes an expenditure it will be charged on their books to their appropriate account number. All departments will make regular monthly reports to the Mayor's Office of their monthly expenditures and unexpended balances under each item. These reports will be consolidated on a master sheet and kept on file in the Mayor's Office for the convenience of the Finance Committee and inspection of the Board of Aldermen.

Each department has been given a different key alphabetical letter to identify its own individual itemizations. In order that comparisons may readily be made between departments of their expenditures for comparable items or to determine easily total City spending for certain specific items, the account numbers are uniform. There are 18 standard items, some of which are indicated by the decimal point and additional numbered classifications. Any item listed after 18 is not one found in the other departments, thus all items beginning with 19 are peculiar to the department concerned. The key for the standard account numbers is as follows:

Acct. No.	Items
1	Payroll
2	Telephone
3	Electricity
4	Water
5	Insurance
6	Postage
7	Office Supplies & Services
8	Printing
9	Building Supplies & Services
10	Building Repairs
11	Heating
12	Miscellaneous
13	Gasoline
14	Oil and Lubricants
15	Tires and Tubes
16	Auto Repairs, Parts & Supplies
17	Exchange of Vehicles
18	Medical

RESOLUTION

ADOPTING RULES PERTAINING TO REGULAR MEETINGS OF THE BOARD OF ALDERMEN CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

That the Resolution approved March 12, 1958 be amended in part by deleting the words "except Petitions" in the first line of said Resolution, so that said Resolution in part shall read as follows:

That every item of business, including communications to be transacted at the regular meetings of the Board of Aldermen shall be submitted to the City Clerk no later than 5:00 P.M. on the Thursday prior to its regular meetings, and a copy of said items shall be delivered to each member of the Board of Aldermen at least seventy-two hours before its regular meetings. That all Resolutions and Ordinances shall be endorsed before delivery to the Board of Aldermen, and that the names of the endorser shall appear on all Resolutions and Ordinances delivered to the Board of Aldermen.

BE IT FURTHER RESOLVED that this amendment shall have no affect on the remaining paragraphs of the Resolution Approved March 12, 1958.

AUTHORIZING THE ACCEPTANCE OF THE AGREEMENT FOR PUBLIC WORKS PLAN PREPARATION

Project No. P-N.H. 3072
Contract No.H-(102)-1520

CITY OF NASHUA

(Endorsed by Mayor Mario J. Vagge)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

TO: City of Nashua
Nashua, Hillsborough County, New Hampshire

Pursuant to the provisions of Public Law 560, 83rd Congress, as amended, and your application, as modified and supplemented, and subject to the Terms and Conditions, dated July 2, 1964, attached hereto and made a part hereof, the UNITED STATES OF AMERICA, acting by and through the Housing and Home Finance Administrator, hereby offers to make you an advance of not to exceed $20,000 to aid you in financing the cost of plan preparation, to consist of *preliminary plans* for the proposed construction of *drainage and storm water separation from combined sewer.*

By the acceptance of this offer, you agree to submit the above-described plan preparation with 280 days from the date of your acceptance hereof and covenant that you will repay the advance when required to do so under the provisions of said Law and Terms and Conditions.

This offer must be accepted, if at all, within sixty (60) days from the date hereof.

This 2nd day of July, 1964.

CITY OF NASHUA

(Endorsed by Alderman Francis LaFlamme)

In the Year of Our Lord One Thousand Nine Hundred and Sixty-four

RESOLVED, By the Board of Aldermen of the City of Nashua

That pursuant to Section 9, Chapter 33, of the Revised Laws annotated of New Hampshire, 1955, the Mayor, Treasurer and Finance Committee are authorized to incur debts from time to time during the Municipal fiscal year beginning January 1, 1965 to an aggregate amount not exceeding Four Million Dollars for Temporary Loans in anticipation of and payable from the taxes of the said year and to issue therefor notes of the City signed by the Mayor and countersigned by the Treasurer and certified by THE FIRST NATIONAL BANK OF BOSTON and to renew the same by the issue of other like notes, but all notes issued hereunder shall be payable within one year after the date when the debt represented thereby was originally incurred.

(Endorsed by Arthur L. Barrett, Jr.)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That the zone map entitled "City of Nashua, N. H." zoning map, 1957 as incorporated by reference to Article 1 of Part II entitled "Zoning and Regulations" of Chapter VIII of the revised ordinances of the City of Nashua, as amended, be and are amended as follows:

That the following described tract of land now zoned as "S" Suburban district be changed to "A" Residence district.

Beginning at a point in the center line of Broad Street, said point being 1,565 feet Southwesterly of the intersection of the center line of F. E. Everett Turnpike and Broad Street; thence

1. South 38° 49′ East a distance of 300 feet to a point; thence

2. South 14° 52′ East along the center line of proposed Coliseum Avenue to the thread of the Nashua River; thence

3. Southwesterly along the thread of the Nashua River to the intersection of the east line of the now zoned Industrial Area; thence

4. Northwesterly along the said east line of the now zoned Industrial Area to the intersection of brook; thence

5. Northerly by the center line of brook to the intersection of Broad Street; thence

6. Southwesterly by the center line of Broad Street to the intersection of center line of Coburn Avenue; thence

7. Northwesterly and Northerly along center line of Coburn Avenue to the center line of Pine Hill Road; thence

8. Northeasterly and Southeasterly along the center line of Pine Hill Road to a point, said point being 470′ at 90° angle from West right of way line of F. E. Everett Turnpike; thence

9. Southwesterly along line which is parallel to and 470 feet from West right of way line of the F. E. Everett Turnpike, to the United States Goverment land; thence

10. Easterly along United States Government land to the West right of way line of the F. E. Everett Turnpike; thence

11. Southerly along West right of way line of the F. E. Everett Turnpike to the center line of Broad Street; thence

12. Southwesterly by the center line of Board Street to the point of beginning.

That the following described tract of land now zoned as "S" Suburban and "A" District be changed to General Business District.

Beginning at the intersection of the center line of the F. E. Everett Turnpike and the center line of Broad Street; thence

1. Southwesterly by the center line of Broad Street 1,565 feet to a point; thence

2. South 38° 49′ East a distance of 300 feet to a point; thence

3. South 14° 52′ East along the center line of proposed Coliseum Avenue to thread of the Nashua River; thence

4. Northeasterly along the thread of the Nashua River to a point 1800 feet Easterly from the intersection of center line of F.E. Everett Turnpike and thread of Nashua River; thence

5. Northwesterly to a point, said point is 125′ Southeasterly from center line of Broad Street; thence

6. Southwesterly a distance of 150 feet to the right of way line of the F. E. Everett Turnpike; thence

7. By a 90° 00′ angle to the right along said right of way a distance of 125′ to the center line of Broad Street; thence

8. Southwesterly along center line of Broad Street to the place of beginning.

That the following described tract of land now zoned as "S" Suburban district be changed to "C" Residence district.

Beginning at the center line of Pine Hill Road at the intersection with the westerly right of way line of the F. E. Everett Turnpike; thence

1. Northwesterly by the center line of Pine Hill Road to a point, said point being 470′ measured at a 90° angle to West right of way line of the F. E. Everett Turnpike; thence

2. Southwesterly along a line which is parallel to and 470 feet from the west right of way line of F. E. Everett Turnpike to the United States Government land; thence

3. Southeasterly along the United States Government land to the west right of way line of the F. E. Everett Turnpike; thence

4. Northeasterly along the westerly line of the F. E. Everett Turnpike to the point of beginning.

AN ORDINANCE

LICENSING AND REGULATION OF DOGS

(Endorsed by Alderman Arthur L. Barrett, Jr.)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

That Chapter XI, Part III, of the Revised Ordinances, be and is hereby amended by adding at the end the following new section:

Section I. DEFINITION OF TERMS: As used in this Ordinance, unless the context otherwise indicates.

A. "Dog" shall be intended to mean both male and female.

B. "Owner" shall be intended to mean any person or persons, firm, association or corporation owning, keeping or harboring a dog.

Section II. LICENSE AND REGISTRATION REQUIRED: All dogs kept, harbored or maintained by their owners in the City of Nashua shall be licensed and registered as specified in the Revised Statutes Annotated of the State of New Hampshire; R.S.A. 466:39 LICENSE FEES, shall be increased one dollar for all male and spayed female dogs, and one dollar for all unspayed female dogs.

Section III. RUNNING AT LARGE PROHIBITED: It shall be unlawful to permit any dog to run at large. "At Large" shall be intended to mean off the premises of the owner or the keeper, and not under the control of the owner or a responsible person.

Section IV. IMMUNIZATION OR VACCINATION: It shall be unlawful for the owner of any dog to keep or maintain such dog, unless it shall have been vaccinated by a licensed veterinary surgeon with anti-rabies vaccine, within one year preceding the date on which such dog is kept or maintained, if vaccinated with dead vaccine, so called, or within three years if vaccinated, with live vaccine, so called. Certificate of such immunization shall be presented at time of license requirement and shall be a condition precedent to obtaining said license. Notwithstanding anything to the contrary, this requirement will not apply to a dog less than six months old at the time of licensing.

Section V. CONFINEMENT OF CERTAIN DOGS: It shall be unlawful for any female dog in heat to run at large or be off the premises of the owner or keeper.

Section VI. APPOINTMENT OF DOG OFFICER AND ASSISTANTS: The Mayor may appoint, with the approval of the Board of Aldermen, at such times and for such terms as may, from time to time seem expedient, a Dog Officer with such Assistants as may be required, whose duty it shall be to take dogs into custody and impound and thereafter destroy or dispose of as provided in this Ordinance structure.

A. Any dog off the premises of the owner or of the person keeping or harboring said dog which said Dog Officer has reason to believe is a stray dog.

B. Any dog off the premises of the owner or of the person keeping or harboring said dog without a current registration tag on his collar.

C. Any female dog in season off the premises of the owner or of the person keeping or harboring said dog.

If any dog seized as provided by A. B and C above, wears a collar or harness to which is attached a registration tag or their owner is otherwise know, the Dog Officer shall forthwith serve on said owner a notice in writing stating that the dog has been seized and will be liable to be disposed of or destroyed if not claimed within seven days after the serving of such notice. Such notice may be served either by giving it to the person on whom it is to be served, or by leaving it at the person's usual or last known place of abode, as determined by the registration tag or other available information.

When a dog seized in accordance with this section has been detained for seven days after seizure, with due notice given as prescribed, and if the owner has not claimed the dog and paid all expenses including maintenance at $2.00 per day, and must procure a license if not already so, or exhibit evidence or prior current license, then the Dog Officer shall cause the dog to be destroyed in the least painful manner as possible.

However, the Dog Officer is authorized to keep or cause to be kept in confinement any dog which in his opinion may be valuable or amenable to new ownership, and see that such dog is placed in a new home. In order to expedite this alternative, the Dog Officer shall make public monthly, a list by number and other reference, those dogs available, and keep a list of prospctive owners on file developed from such sources which are open to him. The aforesaid shall be made public by posting the same at City Hall.

Those persons desiring to procure city-owned dogs in this manner may do so on application to the Dog Officer and pay an acquisition fee for title, for a minimum of Three Dollars, and a maximum of Ten Dollars at the professional discretion of such Officer. Board and care allowed in each case may or may not be a consideration in these instances.

Section VII. INTERFERENCE WITH OFFICERS: No person shall hinder, interfere with or molest any persons appointed as Dog Officer, or such other persons as may be appointed as agents in the performance of any duty enjoined by this Ordinance.

Section VIII. METHOD OF CONFINEMENT: The Mayor, with the assistance and cooperation of the Dog Officer, shall select a suitable place of confinement for impounded animals and those held under suspect of rabies and after biting.

Section IX. QUALIFICATIONS OF DOG OFFICER AND SOURCE OF DUTIES: Special consideration shall be given to the qualifications of the Dog Officer who must display an ability to deal with the public in a satisfactory manner, as well as have acquired an ability to handle animals and care for them in a recognized humane method. Specific duties

beyond the work function of the performance of his work as Dog Officer may be delegated by the Mayor to him in line with improving his efficiency and service to the taxpayers of the City of Nashua.

Section X. PENALTIES: Any owner found violating any provision of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of $10.00 for such offense.

Section XI. RESTRAINT OF DOGS: Dogs while confined to owner's premises shall be kept so in a humane and safe manner having maximum freedom and no wise to permit undue hardship on the animal, with water always available. Any infraction or report found to be true, when duly filed, shall subject the owner to the maximum penalty of this Ordinance.

Section XII. SEPARABILITY OF PROVISIONS: It is the intention of the Board of Aldermen that each separate provision of this Ordinance shall be deemed independent of all other provisions herein, and it is further the intention of the Board of Aldermen that if any provision of this Ordinance be declared invalid, all other provisions thereof shall remain valid and enforceable.

Section XIII. CONFLICTION WITH STATE STATUTE: It is the intention of the Board of Aldermen to include in this Ordinance not only those state statutes specifically referred to by title, number, but embrace also all those others made a part of the law and they are hereby included under this section by reference.

This Ordinance shall take effect December 1, 1964.

All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed.

AMENDING PORTIONS OF PART III OF CHAPTER VIII
BOARD OF PUBLIC WORKS RETIREMENT SYSTEM
CITY OF NASHUA

(Endorsed by Alderman Maurice L. Noel)

BE IT ORDAINED, By the Board of Aldermen of the City of Nashua

1. That subsection 3A be and is hereby amended by striking out the word "may" on line four, and substituting the word "must."

2. That subsection 3B be and is hereby amended by striking out said subsection.

3. That subsection 4 be and is hereby amended by striking out the words "and elects" on line fourteen, and substituting the word "must."

4. That subsection 4b be and is hereby amended by striking out the words "within one year" on line sixteen.

5. That subsection 5a be and is hereby amended by adding after the words "(60) years" on line ten, the words "with a minimum of ten (10) years creditable service."

6. That subsection 5b-1 be and is hereby amended by striking out the word "average" on line two, and substituting the word "base."

7. That subsection 5b-2 be and is hereby amended by adding after the words "(60) years" on line four, the words "with a minimum of ten (10) years of creditable service."

8. That subsection 5b-2 be and is hereby amended by striking out the word "average" in line five, and substituting the word "base."

9. That subsection 6a be and is hereby amended by adding after the words "(60) years" on line 30, the words "with a minimum of (10) years of creditable service."

10. That subsection 6a-I be and is hereby amended by striking out the word "average" on line 5, and substituting the word "base."

11. That subsection 6a-3 be and is hereby amended by striking out the word "service" on line 10, and substituting the word "disability."

12. That section 7 be and is hereby amended by striking out said section and substituting therefor the following:

- VII -

RESTORATION TO SERVICE

If a disabled beneficiary is restored to service, his Retirement Allowance shall cease. The beneficiary shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid

prior to his retirement. Anything herein to the contrary notwithstanding, any credit for membership service and any prior service on the basis of which his creditable service was computed at the time of his former retirement, shall be restored to full force and effect. Upon subsequent retirement he shall receive a retirement allowance based on his service as a member since his last restoration to membership, plus a Retirement Allowance equal to the Retirement Allowance on which he was retired at the time of his last retirement.

13. That subsection 10a be and is hereby amended by striking out said subsection, and substituting therefor the following:

ADMINISTRATION

(a) The administration of this system shall be and is hereby vested in a board of three trustees, one representing the commissioners of the Board of Public Works, another representing the employees of the Board of Public Works, and a third representing the Board of Aldermen, who is a member of the Finance Committee. The Trustees shall be chosen in the following manner: The employee representative shall be chosen from one of its members of the Retirement System at a meeting duly called by the Board of Public Works expressly for the purpose of selecting a trustee. The trustee representing the commissioners of the Board of Public Works shall be selected from one of its members at a meeting duly called for this purpose. The trustee representing the Board of Aldermen shall be nominated bv the President of the Board of Aldermen and confirmed by the Board of Aldermen. The trustees shall be appointed for a term of three years and until their successors are appointed and qualified, provided; however, that for the first appointments, the trustee representing the employees shall be appointed for the term of one year. The trustee representing the Board of Aldermen shall be appointed for a term of two years, and the trustee representing the Commissioners of the Board of Public Works shall be appointed for a term of three years respectively, and their successors thereafter to be appointed for a period of three years.

(b) Th Board of Trustees shall establish such rules and regulations as it deems necessary for the proper administration of this chapter.

(c) The trustees shall serve in an honorary capacity, and shall receive no compensation for their service unless to recompense them for any expenditures they may incure in connection with their duties.

(d) Each trustee shall be entitled to one vote in the Board of Trustees. Two trustees shall constitute a quorum in the transaction of any business. Two votes shall be necessary for any resolution or action by the Board of Trustees at any meeting.

14. That subsection 10g be and is hereby amended by striking out the words "3 per cent" on line 8, and substituting the words "6 per cent."

15. That section 12 be and is hereby amended by striking out the words "3 per cent" on line 6, and substituting the words "6 per cent."

16. That section 12 be and is hereby amended by striking out the words, beginning on line 34 which read "A member of the Retirement System who has been a member for twenty-five (25) years, shall be exempt from further contributions without affecting his future benefits."

All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed.

REPORTS OF

CITY DEPARTMENTS

FOR THE YEAR ENDING 1964

REPORT OF THE BOARD OF ASSESSORS

December 31, 1964

To Mayor Mario J. Vagge

Members of the Board of Aldermen.

Gentlemen:

The Board of Assessors herewith submit the annual report for 1964.

The Board of Assessors and staff for 1964: Chairman David P. Stevens, Paul E. Sirois and Richard G. Ethier. Office staff: Louis A. Richard head clerk, Mrs. Lois Moran and Mrs. Rela Burns, clerks.

The year 1964 was another very active year with considerable number of real estate sales and many new buildings.

The 1964 total valuation of the City of Nashua was $89,495,296 an increase of $5,791,444. This increase of more than five and a half million dollars was the second largest increase in the city's history. The increase of home construction, new industrial plants and commercial buildings, together with many building additions and alterations resulted in additional work for Assessors and staff.

A large number of adjustments were recorded in line with the equalization program of the Board. A request was made for a complete equalization and re-valuation program and this is under study by the Aldermen.

A tax rate of $69.50 was approved by the State Tax Commission, an increase of $2.50 per thousand. The large increase in valuations checked a much higher tax rate for 1964.

There was another increase in number of inventories mailed out. In 1964, 11,237 inventories were mailed, an increase of 530. Veterans exemptions continued to climb and have reached $3,144,630 an increase of $207,240.

All records in the Assessors office are open for public inspection during office hours and the Board and staff are ready and willing to assist all property owners.

Respectfully submitted,

DAVID P. STEVENS, Chairman

PAUL E. SIROIS

RICHARD G. ETHIER

SUMMARY

ANNUAL REPORT OF THE BOARD OF FIRE COMMISSIONERS FOR THE FINANCIAL YEAR OF 1964 CITY OF NASHUA, NEW HAMPSHIRE

TO THE HONORABLE MAYOR AND BOARD OF ALDERMEN:

Gentlemen:

The Board of Fire Commissioners herewith submits its Annual Report for the year of 1964.

The Board met on January 1st 1964 and organized by electing A. A. Beaulieu, Chairman; J. H. McLaughlin, Clerk and Purchasing Agent.

OPERATING PERSONNEL

The operating personnel was on the three platoon system of the Fire Department as follows: Chief, 1st Deputy, 2nd Deputy, 3rd Deputy, Supt. of Fire Alarm, Master Mechanic, 8 Captains, 9 Lieutenants, 82 Privates. The Call Man Force was abolished.

FIRE APPARATUS

The following is a list of apparatus stationed in all Stations: 1 - 1963 Chevrolet, 1 - 1960 Plymouth, 1 International Fire Alarm truck, 1 - 1963 Chevrolet Maintenance truck, 1 - 1955 Ford Fire Prevention car, 1 - Mack 1956 Engine, 1 - GMC FWD Engine 1957, 1 - Mack Engine 1947, 1 - Mack 1958 Engine, 1 - Mack Engine 1957, 1 - Mack Engine 1962, 1 Maxim Engine 1942, 1 - 1937 Chevrolet Engine, 1 - Mack Engine 1949, 1 - Mack Engine 1958, 1 - Mack Engine 1947, 1 - 1946 - 85′ American Lafrance Aerial Ladder, 1 - 1959 - 75′ Mack Aerial Ladder. 1946 Ford Tanker put out of service because of age. One 1965 International 1600 Gal. Tanker on order.

FIRE PREVENTION BUREAU

During the year of 1964, the Fire Prevention Bureau conducted 15,070 calls concerning dwelling inspections, investigations, complaints, mercantile inspections, heating installations, school inspections, places of Public Assembly, industrial inspections, Social Clubs, public buildings and other duties which pertain to fire prevention.

We wish at this time to offer our sincere thanks to the Nashua Police Department, the Board of Assessors, the city Engineer's Department, the Board of Health, and the City Clerk's Office for the cooperation they have given this Bureau in order to carry out our work in the prevention of fire. We would like to thank the Public Service Co. and the New Hampshire State Fire Marshal for the assistance given us during the past year. Our many thanks to the Merchants, the owners and occupants of dwellings, Administrators of Institutions, the Manufacturing concerns who so willingly accept our recommendations in the reports of inspections by this Bureau. The Nashua Chamber of Commerce, the Nashua Fire & Casualty Association for their part in promoting Fire Prevention Week activities. To the Editor of the Nashua Telegraph, the management of Radio Stations, W.S.M.N. and W.O.T.W., the 1590 Broadcaster, the Boy Scouts of America for their time and space in conveying our messages on the "Prevention of Fire" to the Citizens of Nashua, N. H.

DRILLMASTER

All personnel had 60 drills conducted at the fire training grounds. These drills consisted of all phases of firefighting and rescue. There were 59 station drills consisting of lectures and training films. Company Officers had 268 house drills supervised by the training officer. Attended rescue course in Hammonton, N. J., for one week, also attended fire schools in New Haven, Conn., Newport, R. I., and Fitzwilliams, N. H. Many of the personnel also attended these fire schools.

Work with the fire prevention bureau during Fire Prevention Week showing films and giving lectures and demonstrations to school children in our City.

Firefighting evolutions on the training grounds at the Airport Fire Station have given the men a better understanding of their equipment and know-how of their duties in firefighting.

FIRE ALARM SYSTEM

During the year 1964 the fire alarm system was maintained and increased in many ways. We installed 18 new boxes: 13 street boxes, and 5 master boxes. With these increases, it brings our total to 274 fire alarm boxes. To operate these new boxes, 5½ miles of wire was strung up. Two miles of self-supporting aerial cable was secured on poles. Approximately one mile of cable replaced old steel wire, and the other mile was installed on the Milford Road. With these increases it brings our total to 110 miles of wire, operating ten fire alarm circuits. All fire alarm boxes were tested six times during the year. All fire alarm systems in 25 schools were tested in August and again in December. Completed the painting of boxes and standards which was started the previous year. We are also in the process of retiming all fire alarm boxes from ¾ seconds to ½ seconds timing, this is to speed up the operation of the boxes coming into fire alarm headquarters. All records required by the National Board of Fire Underwriters were kept up to date.

Respectfully submitted,

J. H. McLAUGHLIN

H. A. FORTIN

A. A. BEAULIEU
(Resigned 12/31/64)

J. Gilmore Shea	Superintendent of Sewage Treatment Plant
Lionel Guilbert	Clerk of the Board

STREETS

1964 was another year of growth for the City of Nashua and the street network grew accordingly.

100,000 gallons of tar and asphalt were used to surface treat fifty (50) new streets which added fifteen (15) miles of paved streets within the city.

The resealing of existing streets was done by contract in 1964 and eighty-nine (89) streets were resealed for a total distance of sixty (60) miles. This method of resealing accomplished the job in a much shorter time and at no additional cost.

The resurfacing program with hot top continued in 1964 and eleven (11) of the city's arterial streets were up graded. Approximately four miles of streets were resurfaced this year.

A dangerous narrow, concrete bridge on Lund Road (over Hassell's Brook) was replaced with a twin 36″ culvert. The road was widened and straightened for a distance of about 1000 feet. This project had been pending for several years.

Bowers Street from Dearborn Street to Harbor Avenue was rebuilt after a major sewer reconstruction project.

Storm drainage was installed and 400 feet of Spit Brook Road adjacent to the D. W. Highway south was rebuilt.

ACCEPTED STREETS

	Length	*R.O.W.*
Bloomingdale Drive — from St. Laurent Street east	765′	50′
Cabot Drive — from Birchwood Drive west	500	50

Everett Street — from Ledge Street south	140	20
Snow Street — from Canal Street south	175	40

SEWER MAINTENANCE & TREATMENT

In February of 1964 the maintenance of sewers was delegated to the Superintendent of the Treatment Plant and seven men were transferred to his control. Since that time about nine (9) miles of sewers have been cleaned. Twenty-three (23) trouble spots have been corrected and 3150 catch basins have been cleaned.

The Sewage Treatment Plant processed 497 million gallons of sewage. About 430,000 gallons of wet sludge was dewatered and 153 tons of dry sludge was disposed of.

A four stall garage was constructed at the Treatment Plant to house the sewer maintenance equipment.

The city sewer collection system has been extended in forty-four (44) streets, more than 4.3 miles of sanitary sewer and 1.2 miles of storm sewer was constructed in 1964.

RUBBISH COLLECTION AND DISPOSAL

During 1964 about half of the city's rubbish was burned in the Wilco Tepee before disposal, thereby conserving 90,000 cubic yards of disposal facility. Smoke and fly ash have been a problem with the burning, however, it is expected that the George Koch Company will perfect a secondary unit that will eliminate this problem in 1965. Burning of rubbish reduces the volume to be disposed of by about ninety percent which extends the life of a disposal area ten times.

Rubbish collection was accomplished with eight (8) Packer Trucks, rubbish pickup and rubbish disposal area opening was authorized for all holidays except New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving and Christmas. This was done for two purposes. First, the convenience of home owners and industries and second, the cost of picking up the double day following the holiday is greater than the cost of operating on the holidays, due to the fact that less efficient dump trucks are needed to cover two days routes in one day.

GENERAL

Temporary repairs were made at Taylor Falls Bridge in the fall after it was indicated that the river bottom had washed away from the piles supporting the first pier from the Nashua end of the bridge. Over 800 tons of granite was deposited around the piles to prevent any further wash. The placing of the granite was done by N. H. Department of Public Works and Highways Bridge Maintenance personnel between 8:00 P.M. and 6:00 A.M. so as not to disrupt the flow of traffic during the day. The City of Nashua and the town of Hudson shared equally in the cost of all this work.

Considerably more maintenance work is required to preserve this bridge. This additional work cannot be postponed more than a few years.

The traffic sign section has made over 700 reflectorized signs. These have all been erected as well as about 300 non-reflectorized signs which were purchased. It is hoped that within a few more years all signs in the city will be in accordance with the "Manual on Uniform Traffic Control Devices for Streets and Highways" as approved by the Bureau of Public Roads U. S. Dept. of Commerce.

EQUIPMENT

3 — Sand Spreaders
1 — Rubber Tired Front End Loader
1 — Jarie Mower
2 — SW-48 Sidewalk Plows
3 — Model #373-A Baker Plows
1 — Allis Chalmers HD-11G Diesel Tractor Shovel (lease paid in full)

REPORT OF THE BOARD FOR THE EXAMINATIONS OF PLUMBERS

To His Honor the Mayor & Board of Aldermen

City of Nashua, New Hampshire

Gentlemen:

The following is the annual Report of the Plumbing Board for the year ending December 31, 1964.

The membership of the Board consisted of the following:

Artemus Lovejoy, Master Plumber — Sept. 8, 1965 — Chairman

Joseph Doyle, Journeyman Plumber — Sept. 8, 1967

Joel B. Hill, City Engineer — Secretary

Gerard E. Poliquin — Sept. 8, 1966 — Plumbing Inspector

Four meetings were held during the year. Two examinations for Master's License were held and three passed. Two examinations for Journeyman's License were held and seven passed.

There were thirty-three Master's Licenses and fifty-two Journeyman's Licenses issued during the year.

A total of 957 inspections in 468 buildings were made during the year. Fifty-nine Plumbing Law Violations were investigated and corrected.

FINANCIAL STATEMENT OF PLUMBING BOARD FOR 1964

Appropriation	$100.00
Expenditures:	
K7 — Office & Plumbing Supplies	118.50
Overdraft	$
Receipts credited to revenue	$ 70.00

Respectfully submitted,

JOEL B. HILL

City Engineer

ANNUAL MUNICIPAL GOVERNMENT REPORT

NASHUA HOUSING AUTHORITY

URBAN RENEWAL AGENCY

James R. Griffin

Executive Director of Urban Renewal

TO HIS HONOR MAYOR MARIO J. VAGGE AND THE BOARD OF ALDERMEN.

Gentlemen:

The Urban Renewal Agency herewith submits its Annual Activity Report for the year of 1964.

MAURICE L. BOUCHARD, Chairman
CHARLES J. PANAGOULIAS, Vice-Chairman
SAMUEL P. BRONSTEIN, Treasurer
FRANK P. STAWASZ, Assistant Treasurer
GEORGE J. GINGRAS, Commissioner

In our previous reports to the Mayor and Board of Aldermen we have pointed out the many benefits that Urban Renewal produces for the local community.

In this report we are pleased to inform you of the actual accomplishments that were made in the High Street Project during 1964.

1. The remaining two buildings on Factory Street were demolished.
2. Relocation of all families, individuals, and businesses was completed in June of 1964. The cost of the relocation program was $41,911.43. Relocation payments were made at no expense to the City as the Federal Government paid 100% of the cost.
3. All of the land in the project area, except Parcel C-6 has been sold.
4. Construction completed on Parcels C-1, C-2, C-3, C-4, and S-1 to 13 and P-1 to 4.

5. The Nashua Federal Savings & Loan Association bought Parcel C-7 on the South side of Factory Street and a two story building is to be constructed on this site.
6. Construction on Parcel C-8 will be completed within two months, this building will be occupied by Blake Creameries.
7. We are negotiating with a redeveloper that has plans for construction of a building on Parcel C-5.

In June of 1959 the city of Nashua entered into a cooperation agreement with the Federal Government. Under this agreement the Federal Government agreed to share ⅔ of the cost of the High Street Urban Renewal Project and the city of Nashua would pay ⅓ of the cost.

At a later date, with the approval of the Board of Aldermen, the project boundaries were extended to include two buildings on the South side of Factory Street, and two buildings on the South side of High Street.

On February 28, 1962 the Board of Aldermen approved a new agreement with the Federal Government. At that time the estimated project cost, as approved by HHFA and the Board of Aldermen was $1,108,348 in other words this was the approved budget for the Nashua Housing Authority Urban Renewal Agency to complete the High Street Project.

As of December 31, 1964 the total amount expended was $1,046,-034.50, leaving an unexpended balance of $62,313.50.

We have requested the Federal Government to allow additional cash credits of twenty five thousand dollars ($25,000) in addition to the seventy five thousand two hundred and twenty eight dollars ($75,228) that we have paid to the city for work performed in the project area.

We are also requesting additional credits for the parking lots. If this request is approved it will reduce the cost of the parking lots to the city and a portion of the city's cash payment may be refunded.

The following Parcels were sold as of December 31, 1964:

Parcel	*Sq. Ft. Area*	*Price Per Sq. Ft.*	*Total*
C-1	6,073	$3.00	$ 18,219.00
C-3	16,090	$3.00	48,270.00
C-4	26,230	$3.00	78,690.00
C-7	4,712	$6.472	30,496.00
C-8	9,460	$3.00	28,280.00
*S	33,852		17,694.00
P	85,329	$2.00	170,658.00
Total received from the sale of land			$392,307.06

*City of Nashua will receive $8,847.00 credit as a non-cash grant in aid.

It is estimated that the sale of the remaining Parcels will return $27,000.

During 1964 by investing funds that were not to be used in 30, 60 or 90 days our income from investments was three thousand six hundred twenty three dollars and seventy seven cents ($3,623.77). The total income from investments is twenty five thousand six hundred ninety seven dollars and thirty three cents, ($25,697.33).

Our final loan note is due in April of 1965. This amount of $476,000 will be paid at that time.

The final audit of the High Street project has started. It is anticipated that upon completion of the audit we will receive our final grant from the Federal Government and all activities pertaining to the High Street Project will be closed out before June of 1965.

MYRTLE AND PARK STREET PROJECTS

The Early Land Acquisition Resolution was presented to the Board of Aldermen and was defeated.

The final Myrtle Street Project report was submitted to the Housing and Home Finance Agency for a preliminary review, and a copy of this report was sent to each member of the Board of Aldermen.

It was reviewed and is ready for presentation to the Board of Aldermen, however, this has not been done because the city of Nashua does not have a sub-division ordinance, therefore, it cannot receive approval of a Workable Program.

These two projects will be terminated and our reservation of $1,290,020 for the Park Street Project and our reservation of $1,396,098 for the Myrtle Street Project will be lost, along with our reservation for Low Rent Public Housing and Housing for the Elderly.

Nashua, at the present time cannot qualify for Federal Funds for Urban Renewal, Low Rent Public Housing or Housing for the Elderly because it does not have an approved Workable Program.

The salaries of the staff of the Urban Renewal Office is as follows:

Executive Director	$7,000
Acting Assistant Director	5,300
Secretary	3,500
Part time Secretary	$ 1.37 per hour

Because of the pending termination of our Urban Renewal Projects, it was necessary to reduce our staff. At the present time our staff consists of the Executive Director and a part time secretary working 2 hours per day.

The annual election of officers was held and Maurice L. Bouchard was elected Chairman. He succeeds George J. Gingras. Charles J. Panagoulias, Vice-Chairman, Samuel P. Bronstein, Treasurer and Frank P. Stawasz, Assistant Treasurer.

During the year the Director has attended meetings with the Mayor, members of the Board of Aldermen, Civic Organizations, Chamber of Commerce and has made every effort to fully cooperate in all requests for information.

Respectfully submitted,

NASHUA HOUSING AUTHORITY

URBAN RENEWAL AGENCY

JAMES R. GRIFFIN, Executive Director

ANNUAL REPORT OF THE NASHUA HOUSING AUTHORITY

For the City of Nashua, New Hampshire

Following is an explanation of the functions of the Nashua Housing Authority Low-Rent Housing Program.

The primary purpose of the public low-rent housing program authorized under the United States Housing Act of 1937, as amended, is to assist the States, counties, and cities, through local housing Authorities, to provide decent, safe, and sanitary dwellings at low rents for families of low income, and to eliminate unsafe and insanitary housing conditions. The following are the principal features of this program:

a. In order to participate in the low-rent housing program, the State authorizes the creation of Local Housing Authorities; and the city, county, or regional area brings its Local Authority into being by appropriate legal action.

b. The low-rent projects are developed, owned, and operated by the Local Authority with the financial and technical assistance of the Public Housing Administration.

c. The PHA can provide financial assistance for low-rent housing only where the local community has determined that it wants and needs such housing. The first such determination, of course, is in the creation of the Local Housing Authority. The local governing body is also required to approve the Local Authority's application for a Preliminary Loan for surveys and planning, and enter into a Cooperation Agreement with the Local Authority.

d. When a Local Authority finds there is a need in its localitv for low-rent housing for low-income families that is not being met by private housing, it may make an application to the Public Housing Administration for a "Program Reservation." A Program Reservation, when made by the PHA sets aside a certain number of units for the community. The Local Authority may get a Preliminary Loan to pay for preliminary surveys and planning of its projects. The Local Authority, after it has chosen the site and decided on the general plan of a project, incorporates its determinations in a Development Program. This Development Program forms the basis on which the Public Housing Administration enters into an Annual Contributions Contract with the Local Authority. The Local Authority then proceeds with the completion of plans, purchase of the site, and construction of the project. Planning is done by private architects selected by the Local Authority, and construction is accomplished by private contractors on the basis of open, competitive bidding.

e. The Local Authority is required to operate each project solely for the purpose of providing decent, safe, and sanitary dwellings within the financial reach of families of low income. The Local Authority is further required to operate each project efficiently and economically, and to maintain its serviceability.

f. Reuts charged to tenants are based on the income of the family and the number of minor children in the family — not on the size or location of the dwelling unit.

g. The Local Authority shall not discriminate because of race, color, creed, or national origin in the sale, leasing, rental, or other disposition of housing or related facilities (including land) included in any Project or Projects initially covered after November 20, 1962, by a contract for annual contributions under the United States Housing Act of 1937, or in the use or occupancy thereof. The Local Authority shall not, on account of race, color, creed, or national origin, deny to any family the opportunity to apply for such housing, nor deny to any eligible applicant the opportunity to lease or rent any dwelling in any such housing suitable to its needs.

The Housing Authority's future plans are:

1. This past year working drawings and specifications were submitted to the Public Housing Administration and approval to advertise on the NH 2-3 (Ledge Street Project) was accomplished. Bids submitted were all too high and both the Plans and Specifications were revised.

The Authority went out for bids again and in June, for the second time, all bids submitted were too high. It is anticipated that the Authority will negotiate with the two lowest bidders and/or readvertise for bids again after further revision of the Plans.

2. Future plans for any Low-Rent Housing in the City of Nashua is dependent upon the acceptance of a Workable Program under consideration of the Board of Aldermen.

Executive Director

REPORT OF THE CITY SOLICITOR

YEAR ENDING 1964

May 7, 1965

To His Honor the Mayor and the Board of Aldermen
City Hall
Nashua, New Hampshire

Gentlemen:

During the year 1964 I performed to the best of my ability all the duties appertaining to my office as city Solicitor. Upon request I have drafted all Resolutions, Ordinances, Contracts, Deeds, Leases, Easements, Written Opinions, and all other legal instruments affecting the City of Nashua.

I have prosecuted several civil actions brought by order of the City, and have appeared in defense of all law-suits brought against the City and its officers in their official capacity.

I have also prosecuted criminal cases in Municipal Court whenever requested by the Chief of Police.

Respectfully submitted,

LEO R. LESIEUR

City Solicitor

TRUSTEES' REPORT for 1964

To Mayor Mario J. Vagge, the Nashua Board of Aldermen and the Citizens of Nashua:

It is with pleasure that I submit the 1964 annual report of the Trustees of the Nashua Public Library.

Few libraries have enjoyed the warm support that the city officials and the citizens have given to the Nashua Library. The Trustees have found keen and sympathetic understanding of library problems in their dealings with the Mayor and the members of the Board of Aldermen. This is no idle compliment.

In November 1963 Nashua had the wisdom to call upon a highly proficient professional, Kenneth R. Shaffer, Director of the School of Library Science at Simmons College, to study her needs and to propose solutions. Once in hand, the recommendations of the expert were given further impetus by discussion with the Mayor and the Board of Aldermen.

The first image of the new goals set forth in the Shaffer Report was a new building for the central library. The concept of library service commensurate with the library's size and self-respect will be a demanding challenge in 1965 for the Trustees and the members of City Government. The challenge will be met, and even surpassed, once Nashua at large knows of its existence.

To Mr. Sakey and to each member of the staff we express our deep appreciation for their loyalty and able service to the library. Without their interest and continued dedication it would have been impossible to have accomplished all that has made the library a dynamic cultural and educational institution.

Respectfully submitted,

FREDERICK H. DOBENS, Chairman

Board of Library Trustees

LIBRARIAN'S REPORT for 1964

To the Board of Trustees of the Nashua Public Library:

> *"We require from buildings, as from men, two kinds of goodness: first, doing their practical duty well; then that they be graceful and pleasing in doing it."*
>
> — Ruskin

In 1964 the citizens of Nashua borrowed 347,924 books from their public library. They received answers to 39,748 questions, borrowed 2,372 recordings and took home 242 framed art reproductions. This is excellent for an institution which has outgrown its size and which was never planned for present-day library services in the first place. A new, diversified, modern library is an absolute must for Nashua.

The services of the library and the quality of those services can increase only if there is space enough to operate, shelves enough to hold books and space enough to seat our patrons. Books should be easily available to everyone. The Hunt Library was planned to meet the demands of 1903. It dates from Kitty Hawk and the model-T Ford. The greatest preoccupations of modern life had never been thought of. A library was a repository of knowledge rather than a vital part of the community.

A new library building would be of the greatest benefit to the citizens of Nashua. It would enable the library and its staff to continue to increase their contribution to the educational and cultural life of the city.

A new building would also mean that the 347,924 books circulated in 1964 would soon grow to a circulation of 450,000. Now half of the people in Nashua have library cards. In a new building the 50% would become 75%.

A modern library is arranged to give everyone access to all the books. Light and space make it possible to move from one part to another without feeling hampered by partitions and divisions.

The thriving business collection is housed in a small room. Two persons can work there at the same time. In a new library this could be expanded and made more efficient by shelving the technology books with those of business.

The number of foreign language books should be increased and made more available to the public.

This material has to be stored in an out-of-the-way spot, and many persons don't know that the books exist.

The library has some good books about music at Hunt, but music scores and phonograph records are at Chandler. This arrangement is awkward for persons who would like to use both collections. In a new library they would be kept together. More space would also make listening booths possible.

The library lends 59 framed prints of paintings by famous artists. They are so popular that one picture has been reserved ahead for twenty months, two others for a year.

But the library has no gallery to show these (or paintings) properly.

The city needs a meeting place for small groups, concerts, lectures, adult education courses, movies, etc. Such a room would add greatly to the cultural life of the city. All the newer libraries have them as a matter of course.

At present, the Bookmobile office in the Chandler annex is used for this purpose. The poor acoustics in the Hunt reading room make lecturing difficult and music impossible.

A new library would give the Bookmobile adequate and comfortable work space and room for a large collection of books. The Bookmobile is the library's ambassador to the outlying parts of the city; it deserves the best.

The audio-visual program could be strengthened. Tapes are a new and effective way of presenting materials. With an auditorium in which to show films, regular programs of fine movies, including foreign films, could be shown.

The circulation of books in the library system has doubled in the last ten years. This has been made possible, however, by the acquisition of a Bookmobile, a branch and a general broadening of services.

This growth gives some idea of what the future of the Nashua Public Library could be. In a building where books can be shelved easily and in open stacks, where present services could be handled efficiently in areas planned for them, the growth of the library would keep abreast of the growth of the city.

In fact, the library should keep ahead of the growth of the city and be prepared to contribute to each development as it comes along.

With a new library building all this would be possible.

"No duty is more urgent than that of returning thanks."

— St. Ambrose

As always we are indebted to the many friends for their support and interest in our efforts to provide better library service.

Many books, pamphlets, recordings and magazines were given to the library during the year. Unfortunately, it is not possible to list here all the individual donors. However, their generosity was acknowledged when the gifts were made.

Besides those who have generously added to our book resources, Mrs. William R. Swart, Mr. and Mrs. Albert Lewitt and Mr. and Mrs. John B. dePunte warrant special mention for their kindnesses.

The Nashua Telegraph has been as generous as always giving special coverage to library events and announcements. WOTW and WSMN helped publicize library activities through their broadcasts and spot announcements. Individual residents, community organizations and members of the Board of Aldermen have contributed also to our progress.

In conclusion I wish to thank the Trustees who gave so generously of their time, advice and talents during this difficult but eventful year.

I want also to express my sincere appreciation to each and every person on the library staff for a year of plain hard work — a year, however, not without its successes.

Respectfully submitted,
JOSEPH G. SAKEY
Librarian

"A concept is stranger than a fact."
— Charlotte P. Gilman

REPORT OF THE PARK & RECREATION COMMISSION

To His Honor, The Mayor, and the Board of Aldermen:

Gentlemen:

The Park and Recreation Commission respectfully submits its annual financial and activities report for the year 1964.

Respectfully submitted,
GEORGE G. GOULET, Chairman
EDMUND SWEENEY, Clerk
WALTER RAYMOND, Commissioner
I. SEYMOUR GOODMAN, Commissioner
WILFRED GRANDMAISON, Commissioner

ANNUAL ACTIVITIES REPORT

PARK-RECREATION DEPARTMENT

BIDDY BASKETBALL (Boys)

The Boys' Biddy Basketball League consists of fourteen teams with boys ranging in age from nine to twelve years. This year the schedule began in January and the boys played games on Friday nights and Saturday mornings. Approximately 300 boys take part in this activity during the month of January, February and March. The Board of Education allowed, as in the past, the following school auditoriums to be used. They were: Charlotte Avenue, Ledge Street, Junior High, and Fairgrounds. Four more beginner teams were formed this year.

BIDDY BASKETBALL (Girls)

There were six Girls' Biddy Basketball teams again this year. There were approximately 200 girls who took part in this League. Their schedule also started in January and games were held on Friday nights and Saturday mornings. The same school auditoriums were used through the courtesy of the Board of Education. Two more teams were added this year.

J. V. BASKETBALL

This newly formed league was such a success in 1963 that it was continued throughout 1964. This league accommodates boys ranging from thirteen to sixteen years of age.

The J. V. Basketball League consists of eight teams and there were approximately 300 boys who participated. As in Biddy Basketball, the J. V. schedule also started in January. All games were played at the Old YMCA Building. Friday evenings, Saturday afternoons and Monday evenings.

SKATING

During the past winter season, there have been many fine days for skating. This year one new skating rink was added, known as the Pine Hill Road Rink.

There are also the rinks located at Atherton Avenue, Marshall Street, Textile Field, St. Andrews, Elk's Playground and North and South Common.

A new water pit was installed at the Dyke's. A lighting system was installed at Greeley Park.

WADING POOLS

The wading pools are located at North Common, Temple Street, Bridge Street, Sullivan Park, Textile Field and Atherton Ave. For the safety of the children, only about ten inches of water is allowed to accumulate in the pool. These pools are equipped with a sprinkler head. Water runs constantly.

BASEBALL

The Babe Ruth League consists of eight teams. Boys ranging in age from twelve to fifteen take part. They are registered with the National Babe Ruth League, Inc. and play according to national rules.

An All Star team was chosen from various teams and the players took part in the State Babe Ruth Tournament in Laconia, N. H.

The New Little League ball park grounds at Haines St. were completed.

(6) Six teams have been added to the Leagues which made a total of 14 teams. (7) Seven for the North League and (7) seven for the South League.

North Common is known as the North League and Textile Field is known as the South League. Approximately 220 boys made up the Leagues.

Haines Street is known as the East Little League.

SOFTBALL

There are four Girls' Softball Teams and girls up to (16) sixteen years of age may take part in this activity.

GREELEY PARK

The Park & Recreation Department Office was moved to the new Youth Center on Pine Street, formerly known as the Palm Street School. The Park employees assisted in renovating the building.

During the summer season (1964) many people enjoyed the facilities which are located in Greeley Park. The (24) twenty four fire places were used as cookouts and family picnics. More tables were put out for the use of the public.

This year as in the past many youngsters enjoyed the playground equipment which includes slides, merry-go-rounds swings, etc. There is also a small swimming pool for the childrens' use which was painted and repaired.

(12) Horse Shoe Pitts were installed also and they were enjoyed by many people and teams.

Also, a new portable bandstand was built with the help of the Board of Public Works employees.

The plants are grown in the greenhouse at Greeley Park. The beds of flowers are planted at Greeley Park, Deschenes Oval, the monument, Stark Square, Foster Square and other spots throughout the City. A girl scout flower bed was planted in Greeley Park. Two new flower beds were planted along the walkway.

Asphalt side walks were installed in all of the park area.

POP WARNER FOOTBALL

In 1964 there were four local teams and two traveling teams. The four local teams are made up of the Steers, Pepsis, Bankers and Marauders. The two traveling teams are the V.F.W. Bantams sponsored by the Veterans of Foreign Wars Post 483, and the Crusaders, sponsored by the Park & Recreation Commission.

An All Star game was played this year between the Crusaders and the four local teams. The best players were chosen from the local teams and competed with the Crusaders. The Crusaders won 12 to 6.

PERMITS

Permits, for the use of various fields were issued to different teams free of charge.

PLAYGROUNDS

Many children attended the local playgrounds which were supervised by boy and girl playground supervisors. The supervisors organized games for the children and held various contests.

ARTS & CRAFTS

An Arts & Crafts Instructor visited the different playgrounds with coloring books, leather goods, gimp articles and other items. She taught the children how to make different articles.

Softball and basketball leagues were formed and the teams competed at the different areas.

North Common basketball court was resurfaced for regulation basketball.

On the Fourth of July, a Field Day sponsored by the Park & Recreation Department, was held at Holman Stadium. Awards were given to the winners and refreshments were served.

In August, a similar event was staged, sponsored by the Nashua Lodge of Elks.

At the close of the playground season, candy, popcorn and ice cream are distributed at each area. The Recreation Director Alfred A. Arel chose Sullivan Park as the outstanding Playground of the year. Pat Paradise and Raymond Dube, playground supervisors, received the Scott Jewelry Award from Mr. Maurice Connor, manager of Scott Jewelry.

SWIMMING POOL

As usual, all went well at Field's Grove this year. Six lifeguards were on hand at this pool. The Swimming Instructress and her assistant reported large classes which were held every morning.

The building was raised (2) two feet higher and the Concession Stand was built into the Main Building.

Every thing ran smoothly at Centennial Pool this year. The Swimming Instructress and her assistant also had large classes and these were held daily. There were (5) five lifeguards employed at this pool.

Aquatic Days sponsored by the Nashua Kiwanis Club were held again this year at both pools. The youngsters who were registered in the swimming classes participated in the races and other events. Awards were given to the winners of various events.

BANQUETS

Each year banquets are held for those who participated in the various leagues. At this time, trophies and awards are given out.

REPORT OF THE POLICE DEPARTMENT

May 12, 1965

The Honorable Mario J. Vagge and Members of the Board of Aldermen

City of Nashua

City Hall

Nashua, New Hampshire

SUBJECT: 1964 Annual Report of the Board of Police Commissioners

Gentlemen:

The Nashua Police Department had a 1964 appropriation of $476,621.00 and expended $462,848.75, leaving an unexpended balance of $13,772.25. The Department collected $26,978.95 in miscellaneous revenue during the year.

During 1964, there were eleven appointments to the Department, three resignations, two retirements and one death.

On August 14, 1964, one of the Department's most promising young officers, Motorcycle Officer Edward Graziano, was killed in line of duty in an accident involving his motorcycle and an automobile. Officer Graziano was twenty-six years old and is survived by his widow and three children.

John E. Barry joined the Department on June 29, 1939, and retired on December 1, 1964, with the rank of Lieutenant. Luc Boissonnault, Jr., joined the Department on September 27, 1945, and retired on January 1, 1964, with the rank of Sergeant.

There were four traffic fatalities in Nashua during 1964. The Department has made consistent effort to reduce traffic accidents and is making effective use of the two radar speed units purchased in 1963.

Thirteen officers were furnished by the Nashua Police Department to assist in the Labor Day disturbance at Hampton Beach. The Commission feels that complete cooperation among law enforcement agencies is most important.

The Commission unanimously agrees that training is an integral part of a police department's operation and is actively supporting a well rounded training program which will be augmented each year. During 1964, members of the Department attended Department sponsored training courses at Saint Anselm's College, Manchester, New Hampshire. Several members attended an FBI sponsored firearms training program. In addition, courses within the Department were given.

In 1964, a complete revision of Department rules and regulations was made by the Commission. The resulting forty-six page detailed manual was issued to all personnel.

It is felt that significant advances in methods and procedures were made during 1964, and that the recruiting and training programs of the past few years have definitely improved Department performance.

Yours respectfully,

THEODE DUROCHER, Clerk

Board of Police Commissioners

DANIEL R. W. MURDOCK, Chairman

THEODE DUROCHER, Clerk

HOWARD F. HAMMAR

ANNUAL REPORT — 1964

NASHUA CITY PLANNING BOARD

BOARD MEMBERSHIP

Appointed Members:

Frank C. Sabluski (Chairman)	Term expires March 31, 1967
James L. Ryan, Esq. (Vice Chairman)	Term expires March 31, 1968
Donald C. Calderwood	Term expires March 31, 1966
William M. Grady, Jr.	Term expires March 31, 1965
°Kenneth F. Black	Term expires March 31, 1969
°°Edgar R. Caron	Term expires March 31, 1970

°(Replaced Robert R. Wallace, resigned December)
°°(Replaced Oliver J. Dambroise, resigned October)

Ex-Officio Members:

Mario J. Vagge, Mayor
John V. Chesson, Alderman
Joel B. Hill, City Engineer

Planning Director:

Leonard F. Hubbard, A.I.P.

To His Honor the Mayor and the Honorable Board of Aldermen:

The year 1964 was one of increasing work for the City Planning Board both as to volume and complexity. Following is a summary of the work program achieved.

I More time than ever before was allotted to the requirements of Urban Renewal, for instance. A revised Workable Program was prepared for submission to the federal Housing and Home Finance Agency under date of March 13, 1964. At the same time this program was in preparation, the four basic elements of a city Master Plan were being drawn up. These consisted of a generalized Land Use Plan, a Major Thoroughfare Plan, a Community Facilities Plan, and a Public Improvements Program. Appropriate maps, hand-executed, were prepared for submission to HHFA with the reports, as required. A Workable Program and a Master Plan approved by the local legislative body are, of course, prerequisites for eligibility for participation in Urban Renewal.

II Additional work was performed in connection with the High Street Urban Renewal Project, moving toward completion, including several far-reaching revisions of the report entitled "Justification for Parking Credits," written as a first document and submitted in 1963. Study was given to suggested revisions of the Park Street Urban Renewal Project in meetings with the Housing Authority's consultant and possible redevelopers. Study was also contributed to the Myrtle Street Urban Renewal Plan in the modification of design.

III Following a directive of the Housing and Home Finance Agency for Urban Renewal eligibility, the groundwork for a Neighborhood Analysis was undertaken. It was decided to prepare the study under the federally-assisted Urban Assistance Program, familiarly known as "701." A program designed in accordance with Housing and Home Finance Agency standards was developed by the Planner working with Mr. James Woglum, representative of Metcalf and Eddy of Boston. The total cost of the program will be approximately $20,000 with the City's share thereof estimated at $7,000. Upon the Planning Board's request, the Board of Aldermen appropriated the City's estimated share, and it was deposited with the State Department of Resources and Economic Development. Although program and contract drafts were prepared in August, the State made no move by the end of 1964 to prepare the application for submission to the Housing and Home Finance Agency despite repeated efforts to expedite the matter. It was learned that many other communities in addition to Nashua were suffering from the State's failure to service the local 701 programs it has been promoting.

IV In the meantime, Land Use maps for the city were being painstakingly updated for the purpose of the zoning study and were simultaneously being annotated for the prospective Neighborhood Analysis study. Metcalf and Eddy were used on a per diem basis three days in conjunction with the development of the zoning study.

V It was noted by the Board that ordinances representing rezoning proposals have been referred by the Board of Aldermen without proper maps or descriptions portraying the areas to be considered. It fell upon the Planning Board to define the areas and draw the descriptive maps for the public hearings, many times without actual knowledge of the petitioner's precise land holdings or his exact intent. The Planner therefore drew up some basic specifications for the submission of any rezoning proposal to the Aldermen, to be adopted as an ordinance for improved procedure, it is hoped.

VI A number of rezoning proposals were studied and recommended favorably or adversely to the Aldermen during the year, after duly advertised public hearings and thorough deliberations.

The Board gave favorable recommendations to rezoning from Light Industrial to General Business two adjacent tracts fronting on Temple Street. One tract included the railroad depot, and extended to Railroad Lane, and the second tract lay west of Railroad Lane.

The Board recommended favorably a change of zoning from Suburban to General Business of a large area west of the Daniel Webster (south) Highway and north of Spit Brook Road, greatly enlarging the commercial potential of the area.

A favorable recommendation was also given to a proposal to rezone from "A" Residence to General Business a tract of land on the Daniel Webster Highway (south) and behind the Elks Club for the purpose of developing an auto center. This proved to be a most controversial issue, and was challenged by certain of the neighborhood people in a series of still unfinished court cases. Despite the legal complications, the developer proceeded with the construction and occupancy of three major buildings enhancing both the site and the neighborhood in the process.

Favorably recommended also was a new zoning pattern for the Hayward Farms area, situated west of the Everett Turnpike at the Route #130 (Broad Street) overpass. Part of the Farms track was recommended for change from Suburban to "A" Residence, generally near Greenlay Street; part was recommended for a change from Suburban and "A" Residence to General Business, this being generally beside the Turnpike and to the north of the Nashua River.

Another proposal, favorably recommended, was a change from Suburban to "C" Residence of a tract generally next to the Turnpike between Pine Hill and Route #130 (Broad Street).

It was voted to recommend against changing from Suburban to "A" Residence a tract of land bounded by St. Laurent Street, Hills Ferry Road, Hanson Drive, and the Bourque Highway.

In two instances the Board deferred action on zoning proposals. In the first case, a proposal to rezone from Suburban to "A" Residence the frontage on Broad Street from Coburn Avenue to the City Line was postponed until such time as the Aldermen should make a final determination on the current studies toward enlarging minimum lot sizes in all "A" Residence zoning districts.

In the other case, the proposal to change a tract of land on East Hollis Street next to the Atlantic Filling Station from Light Industrial to General Business was not acted on so the request could be combined with that for an adjacent tract which was logically a part of the same proposal.

VII Three applications to enlarge existing Mobile Home Parks were serviced and approved. All three parks are situated on West Hollis Street, west of the Turnpike.

VIII The Planning Director participated in numerous conferences of the New Hampshire Planners' Association dealing with legislative and administrative problems pertaining to planning and housing. The Association held one of its meetings in Nashua, and toured the city. The principal accomplishments of the conferences was the preparation of a proposed revision of the State Enabling Act on Housing Standards. (Ch. 48 R.S.A. 1955, amended by Ch. 293, 1959) The revision was called for because the inadequacy of the existing legislation threatens all communities in the State with the possible loss of Renewal funds from the Housing and Home Finance Agency. At the same time that particular defects were remedied in the draft, improved administrative procedures were written and numerous clarifications were added.

IX The Planner also discussed with the Association the need for revising R.S.A. Ch. 31.64, and canvassed the other planners for their individual sentiments and suggestions. This section of the law requires a ¾ vote of the legislative body of a municipality when certain owners, specified by the law, choose to protest a zoning change. It was agreed by the planners that the law, as it stands, is inaccurate and unclear, and that the provision as written could with difficulty be applied to land which has not been laid out in gridiron pattern, which is the exception in New Hampshire. The information collected was passed on the State to incorporate in its legislative program.

X During the year there were several conferences and meetings on the subject of Subdivision Regulations, but none were adopted by the Aldermen as required by the Housing and Home Finance Agency for further eligibility in Urban Renewal. The focus of the impasse rested on the requirement of the State Enabling Act which provides for Planning Board approval of the Regulations. Although this is accepted practice elsewhere, the Board of Aldermen, supported by local builders, desired to reserve unto itself such approval. Quite aside from federal requirements, the Planning Board believes that it is most unfortunate for the City that it has dodged its responsibility for the adoption of Subdivision Regulations since 1958.

XI The federal government asked that a program for the systematic enforcement of the Housing Code be undertaken promptly. In July, money for a Housing Inspector was appropriated ($2800) to serve for the remainder of the year. For lack of any other place to establish the funds, the Planning Board agreed to accept them in its budget on the condition that the arrangement be in effect only for 1964 and also that the Board bear no responsibility for administration or expenditure of the funds. Actually, the post of Housing Inspector was never filled and therefore none of the money was spent.

XII There was much progress in Planning and some progress in the effectuation of highway plans. The East Dunstable Road interchange underwent the initial phases of construction, following the removal of dwellings located on the right-of-way. The city was also able to anticipate the authorization of State funds from the 1965 Legislature for the extension of the Everett Turnpike to the Massachusetts Line, agreement on alignment having been reached by the two states. A Planning Board recommendation received State approval for converting to a full interchange the present partial interchange existing where Broad Street (Route #130) crosses over the Turnpike.

XIII Through a request originating with the Planning Board, a preliminary engineering plan for the proposed East Side Drive was prepared with State funds on request of the Public Works Department. This new street, extending from Bourque Highway to Amory Street, was designed to alleviate congestion on Main Street, Library Hill, and the North End. At the suggestion of the Board of Aldermen, a portion of the location was improved by establishing it next to the railroad, as far from the Atherton Avenue residences as possible.

XIV The City Engineer and City Planner, together with Alderman James H. Larrabee of the Aldermanic Traffic Committee, explored the possibility of developing a traffic improvement study folowing the pattern of the Wisconsin Avenue study in Washington, D. C. East and West Hollis Streets would be used for this pilot study. This program was not recommended, however, because any plans would be locally prepared and locally financed with nothing but advisory services available from the Bureau of Public Roads or the State. Without federal or State aid and nothing to demand compliance with a carefully-prepared plan, it was obvious that any effort in such a program would be wasted.

XV The still-vacant corner occupied by the Rosebud Variety Store northwest of the intersection of Main and West Hollis Streets appeared to hold open the chance to widen West Hollis Street between Main and Elm

Streets on the north side. An attempt to locate a filling station on the plot was overcome in a court case in the interests of preserving better traffic flow and the avoidance of accidents. Efforts to hold the full potential width were lost in a compromise made by the City with the owner which achieved merely a 10-foot additional width for only the length of the Rosebud parcel.

XVI The Public Works Department received and acted on a suggestion from the Planning Board to remove an unused railroad track crossing on Otterson Street, near Dearborn Street.

XVII The most important work of all project planning was that accomplished with the New Hampshire State Department of Public Works and City Engineer in developing information contributing to a preliminary engineering plan for that portion of the cross-town, east-west route extending from Main Street at Kinsley to Route 111 near Benson's Animal Farm.

The proposed route is the most efficient possible, reflecting the advantages of easy crosstown movement, the efficient retention of the feeder streets, the avoidance of an additional railroad crossing, the splitting of the heavy-traffic volume on a street inadequate to handle it. There would be maximum utilization of vacant land with minimum disturbance of people and buildings. The total cost of the Main Street to Route 111 project would be $3,500,000 including a railroad bridge and river bridge. Nashua would be paying only for that portion of the route between Main and Arlington Streets, which would cost $925,000. However, the participating funds of State and Federal government would reduce the amount to be paid by Nashua to $320,200. Nashua is thus placed in a position which would be the envy of most cities, of being able to buy a $3,500,000 major street facility for some $320,000.

Although the State's engineering plan for the route was not available to anyone until December 31, 1964, the plan as a general location plan was bitterly attacked through previous months by those with neither knowledge of nor experience in the subject matter. While the Nashua and Hudson Planning Board, Hudson Board of Selectmen, and Hudson Town Meeting stuck to their guns in defense of the chosen route, backed by all the technical people including the State Highway Commissioner, the Nashua Board of Aldermen refused to look favorably on the route.

At the end of the year, the issue was not settled because the engineering plans had not yet been spread before the public. It seemed more than likely, however, that the State route would be rejected by Nashua. Either to support a route that would be too expensive for the Town of Hudson to afford or to delay much more would appear to signal the end of any Merrimack River bridge project, for Governor King warned the City in the fall that funds would not be available for more than a few months longer. It appeared that Nashua was about to let go by default a contribution of over $2,000,000 in assistance, and arrive at no decision after four years spent in preparing a plan.

It should be noted that, between 1960 and 1965, the average daily traffic of the Taylor Falls bridge has risen from a little over 10,000 to more than 18,000. The State has warned of a possible bridge failure. This still offers the only bridge crossing between Tyngsboro, Massachusetts and Manchester, New Hampshire. A long interruption of bridge traffic or closure of the bridge would immediately affect the business and industrial

economy of both Hudson and Nashua and cut off the ready interchange of public and emergency services, not to mention create expense and inconvenience to the ordinary citizen.

The Planning Board wishes to call public attention to the dire hazards of this situation. Since the plan suggested is the best that can be developed, it will probably be carried out in the future. To postpone action is to increase the number of people that will be disturbed, the number of buildings to be moved, and the cost of the project.

The Nashua City Planning Board desires to make it understood that it bears no responsibility whatsoever for an inconvenience or catastrophy, injury to life or property, that may ensue because no action has been taken by other arms of the city government, with or without civic support, to provide a second Merrimack River bridge crossing in the light of the fact that:

1) Adequate plans are available
2) The cost is reasonable
3) Traffic will double again in ten years
4) Funds may not be available soon to aid the City
5) The State has warned of possible bridge failure

XVIII Finally, a great number of special services were performed, information or maps furnished to federal and State agencies, to developers, banks, research organizations acting in behalf of various investment institutions and businesses, and to ordinary citizens without official capacity.

REPORT OF THE

EDGEWOOD CEMETERY

FOR THE YEAR ENDING DECEMBER 31, 1964

Report of the Edgewood Cemetery for the year ending December 31, 1964.

INCOME

Income from invested funds	$ 11,718.87

During the course of the year 1964 there were 91 interments made. The severe drought conditions of this past year will make it ncessary to replace much grass, and a few shrubs, as were unable to water due to the ban imposed on the use of water for this purpose.

A part of a new section was layed out, graded, and seeded. This section will be known as Cushing Park, it adjoins Cushing Ave. An iron fence will be installed on this side of the cemetery in the spring of 1965.

The sewer line running out to Cushing Ave. was replaced with new tiles, and a new catch basin installed across the roadway. This will help to alleviate the sand problem that we have had in the past in this storm drain.

It was with deep regret that the board learned of the passing of Sceva Speare. He served as a trustee since 1935. His interest in the cemetery, and his devotion to the board will be missed by all. The board recommended the appointment of Kenneth Mercer to fill the unexpired term of the late Sceva Speare.

Respectfully submitted:

JAMES L. BICKFORD, President

ALBERT A. DAVIS, Secretary

REPORT OF TRUSTEES FOR WOODLAWN CEMETERY

To Mayor Vagge and the Board of Aldermen of the City of Nashua, N. H.

The Board of Trustees for Woodlawn Cemetery respectfully submit their Annual Report for the Year Ending December 31, 1964, as follows:

NOTES

The Trustees are pleased to report that, thanks to the Park Department, they have been able to complete the installation of the fence on the West Hollis Street side of the Cemetery, and a short section at the West End. It is their desire to complete the fence on the West End of the Cemetery, within a short time.

During the past year, the Trustees have purchased a 1964 Chevrolet truck, and also, have installed an oil burning equipment in the Greenhouse.

Due to the drought and the water use ban, last Summer, it was impossible to keep the grounds, in as good condition, as usual, but it is hoped that this Summer conditions may be back to normal again.

The Trustees and Superintendent are trying, at all times, to maintain the Grounds and Buildings in, as good a condition as possible with the resources which are available.

Respectfully submitted,

Trustees for Woodlawn Cemetery

NILES F. JENSON, President

ROBERT N. FRENCH, Secretary

Nashua, N. H., January 14, 1965
